Resolution 40-23

Motion by Haller second by Hensler to approve the Promulgation Statement regarding the Hazard Mitigation Plan and the Natural Hazards Mitigation plan, which are to be updated at least every 5 years

Roll Call: Hensler , Yes Haller, Yes Willis, Yes

EMA Director Robert Czechlewski and Deputy Director Samantha Brooks presented the EMA Quarterly updates. Mr. Czechlewski mentioned there were several trainings coming up, which details are available on the EMA website. Mr. Czechlewski spoke of a mass casualty virtual training which will be held on March 27th, a virtual class on Flooding on March 29th – 31st, and elaborated on the Community Emergency Response Team (CERT), Homeland Security and Flood Plain.

OPD Director of the Trial Services Division Joe Medici and Director of the Ross County Chase Carter were present to give some general updates. Jackson County moved to a hybrid contract last year and is going well. They are working with the new Prosecutor (Randy DuPree), to try and clear up a significant back log of cases. Mr. Medici said OPD would send a proposed contract in April or May, but does not foresee much change in the contract. CCAO and OPD are working on how reimbursements may be given, but very little information at this time. Commissioner Willis stated we are not getting the full reimbursement because of several reasons, such as contractors not meeting the 90 day threshold, ineligible charges, etc...Mr. Medici stated they would give the county updates as soon as they were available.

CDC Consultant Whitaker Wright was present to open the one bid received regarding the PY2021 CDBG County Engineer’s Bridge Project. The bid was received from Scioto Valley Precast with a proposal amount of \$81,517.00. The estimate from the Engineer was \$100,300.00. Mr. Wright stated this would not be awarded today, as he wanted Engineer Miller to review first. The holdup on the project before was trying to get a price on steel locked in. This project will include both Umblebee Road and Whaley Town Road.
