IT Specialist Jeremy VanDine was present to discuss a service agreement regarding the unified threat protection for the county and 911. Mr. VanDine stated Valtech, who is a current vendor with the county, offered better backup and services, and the county would still use Spectrum as the primary server and Glo-Fiber as the backup for the 911 system. The costs did double, but has a better firewall included. Mr. VanDine gave an update on the Cyber Security Grant that he and Mr. Buffington has been working on for over a year, and will receive almost \$40,000 for projects, which is double what they anticipated on receiving.
